Our Vision

"To serve the nation through excellence in pharmacy, education, research and practice, with a commitment to patient- centred inter- professional care, community service, life- long learning, and an Ethos of Social Responsibility."

Our Mission

"To be recognised as the leading centre for developing a diversified future pharmacist ready to serve humankind with highly skilled, caring and honourable way"

Goals

- Bridging the Skill Gap
- Knowledge Transfer
- Developing Industrial Understanding
- Fostering Collaboration

Objectives

- Knowledge Exchange: Enabling faculty to understand industrial practices and industry experts to provide insights through guest lectures and workshops.
- Supporting Entrepreneurship: Encouraging innovation and startup culture within the institute.
- Explore emerging trends: Explore emerging trends, technologies and methodologies in pharmaceutical Sciences.

INSTITUTE OF PHARMACY

Introduction :

On National Science Day, institute organized a One Day State Level Workshop on the theme "Institute to Industry: Sparking Innovation." The workshop aimed to bridge the gap between academic learning and industrial requirements. This also aims to promoting innovation and career awareness among pharmacy students. Ms. P. P. Alabade and Mr. G. N. Patingrao, who conducted the sessions smoothly and professionally, efficiently anchored the program.

Inaugural Ceremony:

The workshop commenced with the garlanding of the portrait of C. V. Raman, honoring his remarkable contribution to science. This was followed by the traditional lighting of the lamp by the dignitaries and participants, symbolizing the spread of knowledge and wisdom. Ms. Mukta Ingale, B. Pharm Final Year student, which added grace to the inaugural ceremony, performed a melodious welcome song.

The Chief Guest Dr. Rakesh Somani, in his inaugural address, extended heartfelt greetings to all participants. He emphasized the importance of scientific temperament, innovation, and research in shaping the future of the pharmaceutical industry. Highlighting the theme "Institute to Industry: Sparking Innovation," he appreciated the institute's initiative in organizing a platform that connects academic learning with real-world industrial practices. During his inaugural address, Vice Principal Dr. N. G. Patre emphasized the growing need for innovation, interdisciplinary research, and active collaboration between academic institutions and pharmaceutical industries. He encouraged students to go beyond textbooks and actively seek skill-based and research-oriented learning.

A tribute to Sir C.V. Raman by participant students and resources person Dr.Rakesh Somani, Mr.Subhash Suryavanshi

Topic

Changing Paradigm in Career Opportunities for Pharmacy Students in the Digital Age

Session : Dr.Rakeh Somani

Session I :

Dr.RakehSomani conducted first session on topic "Changing Paradigm in Career Opportunities for Pharmacy Students in the Digital Age". Dr. Rakesh Somani delivered an insightful lecture highlighting the evolving career landscape in the pharmaceutical field, especially in the digital era. He discussed emerging domains such as

digital marketing in pharma, data analytics, regulatory affairs, and global opportunities. The session chaired by Mr. SubhashSuryawanshiand co-chaired by Dr. A.D. Kshirsagar. QA session and working exercise was conducted at the end of session. Following this, Dr.Somani was presented with a memento as a token of appreciation at the hands of Ms. P. A.

Topic

Generic Versus Branded Drugs

Session : Mr. Ashish Kabra

Session II :

Resource person for second session was Mr. Ashish Kabra; he delivered an informative session on topic Generic Versus Branded Drugs and explained the difference between generic and branded medicines, regulatory aspects, pricing strategies, and their impact on healthcare affordability. The session was interactive and clarified many doubts of students. The session chaired by Dr. Rakesh Somani and co-chaired by Dr.N.G.Patre. He was felicitated by Mr. S. M. Ambore and awarded a memento after the completion of his session. QA session and working exercise was conducted at the end of session.

Topic

Career Development and Skill Training – MOU for Student Training and Placement

Session : Mr. Subhash Suryawanshi

Session III:

Resource Person session for third was Mr. Subhash Suryawanshi his topic was Career Development and Skill Training – MOU for Student Training and Placement Mr. Subhash Suryawanshi elaborated on career development strategies, skill enhancement programs, and the importance of industry-oriented training. He also discussed the significance of MoUs for student training and placement opportunities, encouraging students to upgrade their practical skills. He guided students on improving communication skills, technical competencies, and professional ethics required in the industry. His session motivated students to focus on

practical training and certification programs to enhance employability. He was felicitated by Mr. S. M. Ambore and awarded a memento after the completion of his session.

After the successful completion of the third session, our institute entered into a Memorandum of Understanding (MoU) with Medcutis Biotech to strengthen industry-institute interaction and to provide students with opportunities for industrial training, internships, and collaborative research activities. The session chaired by Mr. Ashish Kabra and co-chaired by Dr. A.D. Kshirsagar. QA session and working exercise was conducted at the end of session.

Topic

Bridging the Gap Between Theoretical Education and Practical Industry-Specific Skills

Session : Dr. Shailesh Wadher

Session IV:

Session fourth delivered by Dr. Shailesh Wadher his topic was Bridging the Gap Between Theoretical Education and Practical Industry-Specific Skills. He delivered an impactful and practical-oriented session focusing on aligning academic curriculum with industry requirements. He emphasized the necessity of hands-on training, internships, certification courses, industrial visits, and research projects. He guided students on building professional competencies, soft

skills, teamwork abilities, and leadership qualities. His session highlighted the importance of transforming theoretical knowledge into practical application for career success in the pharmaceutical sector. He was felicitated by Dr. N. G. Patre and Ms. P. P. Alabade and presented with a memento as a token of appreciation. The session chaired by Mr. Subhash Suryawanshi and co-chaired by Dr. A. D. Kshirsagar. QA session and working exercise was conducted at the end of session.

Topic

AI Driven Design and Optimization of Novel Drug Delivery Systems

Session : Dr. Ashish Shirfule

Session V:

Dr. Ashish Shirfule guided to participants on topic "AI Driven Design and Optimization of Novel Drug Delivery Systems". He delivered a highly technical and futuristic presentation on the role of Artificial Intelligence (AI) in pharmaceutical research. He explained how AI tools could assist in the design, optimization, and evaluation of novel drug delivery systems. He discussed computational modeling, predictive analysis, and data-driven

formulation strategies that can accelerate research and reduce development timelines. The session broadened students' understanding of modern technological advancements in pharmaceutical sciences and importance of nutraceuticals. He felicitated by Ms. P.A. Alabade and awarded a memento after the completion of his session. The session chaired by Dr. Shailesh Wadher and co-chaired by Mr. S.M. Ambore. QA session and working exercise was conducted at the end of session.
